COLUMBIA 6; SYRACUSE 6.

Desperate Football Battle Ends in a Tie at Polo Grounds—Local Team Jubilant—Good Crowd On Hand.

The Line Up.

Columbia	Positions	Syracuse
Barie	Center	Shaw
Brown	Left	Tucker
Smith	Right	Wickoff
Duffy	Center	Brane
Smith	Right	Brane
Jackson	Left	Blund
Weeks	Center	Butler
Frank	Right	Parson
Smith	Left	Henderson
Smith	Right	Smith

Score First Half—Columbia, 0; Syracuse, 0.

FINAL SCORE—Columbia 6, Syracuse 6.

(Special to The Evening World.)

POLO GROUNDS, N. Y. Nov. 27.—Syracuse and Columbia did battle on the gridiron this afternoon and wound up the football season so far as New York is concerned.

The season ended as it began, on a wet, soggy field, but the weather was as perfect as it might be, and the players and the crowd, which was the largest of the season, had much to be thankful for, although it looked as if the Columbia team, least of all, would have occasion to celebrate the day, for Syracuse apparently was as strong as she was last year, when she trailed the Blue and White in the dust.

The indications were that the only change to-day would be the substitution of mud for the dust.

Capt. Weekes's Last Game.

One feature of the afternoon was the ovation given Capt. Weekes when he came upon the field. To-day marked the great football player's last appearance upon a college gridiron, and he played just as hard and consistently as he did in the memorable game four years ago when he scored the touchdown single-handed that beat Yale.

Columbia songs were sung and Columbia cheers were given just as though the team had been highly successful all year, and Weekes's name was at the end of every yell.

Before the game was called the Columbia rooters held a reunion in the south bleachers and laid plans for the reception to be given the team, win or lose, after the game.

The final whistle had hardly stopped blowing when the faithful made a rush for the eleven warriors, and every one was carried from the field. Weekes was at the head, and he was forced to make a speech when he was put on the stage that was in waiting for the team.

No announcement was made as to who would captain the team next year, nor has any one been mentioned to take Morley's place as head coach.

Five hundred up-Staters were on hand to cheer the Syracuse team, and they marched around the field before the game headed by the Syracuse military band.

The visiting team looked to be out-weighted in the center of the field, but they showed up fast and strong in the preliminary practice.

The officials were J. T. Smith, of Union, and McCracken, of Pennsylvania.

FIRST HALF.

Syracuse won the toss and Columbia kicked off. Syracuse brought the ball to their own twenty-yard line, and the ball was worked slowly toward the Columbia line. Weekes passed twenty yards, and the ball was on Columbia's ten-yard line.

Here Columbia's line was strong, and the ball was immediately kicked out of danger. Weekes did not get into the play in the early part of the game, being reserved for a later critical period.

Townsend was in Weekes's place.

Columbia braced again on her five-yard line and got the ball. The Columbia backs tore great holes in the light Syracuse lines and soon had the ball on the Columbia thirty-yard line.

Smith made several plunges during this time that were worth ten yards. On the twenty-five-yard line, he fumbled, and it was Syracuse's ball. A thirty-yard run by Parker put the Columbia back in danger again. Columbia got the ball for holding a moment or two later.

Columbia punted to the center of the field. Syracuse punter and it was Syracuse's ball on her thirty-yard line. Columbia punted immediately after the kick, and it was Columbia's ball on the thirty-yard line.

A punt by Columbia a minute later put the ball on Syracuse's twenty-yard mark, and the ball was run back 45 yards by Capt. Henderson.

SECOND HALF.

Syracuse kicked off and Columbia punted after one down and it was Syracuse's ball on the Columbia ten-yard line. It was Columbia's ball on downs on the thirty-yard line. Columbia showed her strength again and drove the ball to great advantage, pushing the ball slowly but surely down the field. Columbia swept the ball to Syracuse's ten-yard mark and there a plunge by Smith carried it ten yards closer home. A On Syracuse's two-yard line she like a stone wall, but on the third try Duell managed to get across the line and it was Columbia's ball on the ten-yard line.

A punt by Columbia a minute later put the ball on Syracuse's twenty-yard mark, and the ball was run back 45 yards by Capt. Henderson.

SECOND HALF.

Syracuse kicked off and Columbia punted after one down and it was Syracuse's ball on the Columbia ten-yard line. It was Columbia's ball on downs on the thirty-yard line. Columbia showed her strength again and drove the ball to great advantage, pushing the ball slowly but surely down the field. Columbia swept the ball to Syracuse's ten-yard mark and there a plunge by Smith carried it ten yards closer home. A On Syracuse's two-yard line she like a stone wall, but on the third try Duell managed to get across the line and it was Columbia's ball on the ten-yard line.

THE SWING THAT ERNE MISSED BY A NOSE.

'Frisco Fighter Knocked Out the Ex-Champion in the Seventh Round.

SAN FRANCISCO, Nov. 27.—Frank Erne, of Buffalo, lost last night to young Jimmie Britt, of this city, who knocked Erne out in the seventh round at the Mechanics' Pavilion. The contest was the fastest ever witnessed in this city. Britt, while not so clever as the Buffalo man, was the more aggressive and landed the most telling blows. The men went at it from the sound of the bell in the first round, and for nearly seven rounds it was a nip-and-tuck contest between them.

Britt proved himself far the cleverer in the clinches, and never missed a chance to use his right or left to advantage. The Eastern lad showed his superior generalship in many tight places and kept Britt off with straight lefts during the early part of the battle, and later in the contest learned that he could uproot the Californian successfully. On one or two occasions he

had the San Francisco boy at a disadvantage. Erne was in a bad plight several times, but fought back with superb gameness and succeeded in keeping the Californian off at most critical periods.

In only one round did Erne have a decided advantage, the fourth. Erne, in this round, landed a slight left on Britt's jaw and followed it up with a terrific right to the heart. He continued to play for the Californian's heart, and at the close had his youthful adversary in an almost groggy condition.

Both Groggy from Fast Pace.

In the sixth round both men fought furiously, Britt trying to regain the ground he lost in the last half of the preceding round and Erne endeavoring to secure a decided lead over Britt. The latter played on a level with the fast pace, and during the last

half minute of the round placed his left on Erne's solar plexus. Britt fought himself to a standstill, and both men went to their corners in a groggy condition.

The terrific punishment administered by Britt was not to be overcome by the minute's rest preceding the seventh round, and when Erne stepped to the center of the ring in what proved to be the final round it was seen that he was almost gone. Britt was not blind to his advantage and rushed at his

man, landing terrific lefts to the body and rights to the face and head. A left uppercut caught Erne in the solar plexus and he went down for a count of seven, but his dominant energy asserted itself and he gained his feet, only to go down a few seconds later from another terrific left to the same place. He rolled over and did the best he could to regain his feet, but could not do so.

Jim Britt's professional fighting career commenced less than a year ago.

but during that time he has successfully fought his way to the top.

Britt was the first man to put in an appearance in the ring. He was accompanied by Spider Kelly, Charley Reno, Tim McGrath and Curtis Richardson. Erne had with him Frank Zimmer, Issie Alexander, George Olsen and Pinky Potts. There was then a procession of fighters through the ring and tremendous applause when Jeffries and Fitzsimmons appeared.

When the gong sent them together Erne became immediately on the offensive and led with a left to the face. He followed this up with more rapid lefts and in a few seconds both were roughing it. They both fought like tigers, neither receding an inch. When the round ended Erne had a very serious look on his face. Round the ringside 100 to 60 was offered on Britt without takers.

Fought Without Let Up.

The second round found them well warmed up and vigorous. It was a continual mix-up with Britt almost invariably in the best of it. The lively young Olympian landed a right on Erne's face which fairly set him rocking, bringing him from the nose and mouth. Britt seemed over-anxious in this round, but at that outburst of body and Erne went to his hands and knees, there to remain until he was counted out.

The fight. The fighting was brisk throughout and the honors were even. Erne's round was the fourth, and his friends began to hope that he was finding his gait. He got a lively tattoo on the face of the San Franciscan. But there was no great steam behind his blows. Britt once missed a left to the head, but reached the body and Erne went down for two seconds. When he jumped up they went to slugging again. It was generally conceded that no more lively fighting had ever been seen here.

Britt Freshens Up.

Erne did some good work in the fifth and redeemed himself in a considerable measure. He caught Britt with a right uppercut once that sent the latter's head back with a snap. At the end of the round it was evident that Erne was again weakening. The sixth was a slug and Erne had the worst of it throughout.

In the seventh and last round Britt appeared to have freshened up, while Erne looked tired and indifferent. The first blow staggered the Buffalo man, and it was followed by a succession of furious rights and lefts. Erne went to the floor for three seconds and was exhausted when he arose that a comparatively light snub sent him foundering again. Six seconds were counted off, but Erne finally managed to stagger to his feet. He made some desperate swings, but could not land on Britt. Britt was exceedingly cool. He landed a left to the body and Erne went to his hands and knees, there to remain until he was counted out.

Thousands of Blood Poison sufferers are living upon a sleeping volcano, and are taking desperate chances. Under the Mercury and Potash treatment, the external evidences of the disease disappear and the deluded victim believes the cure complete. But the fires of contagion and the deadly virus have only been smothered in the system. The little sore that now and then makes its appearance in the mouth, the slight rheumatic pains in muscles and joints and the red rash that occasionally breaks out upon the body, are warning symptoms, which often go unheeded. Then the rumblings grow louder, the smouldering poison bursts out and the body is soon covered with sores and copper colored spots and pimples, and all the old symptoms return—sore mouth and tongue, ulcerated throat, swollen glands, and many others that the sufferer believed had been uprooted and destroyed by the Mercury and Potash treatment. Not only do these minerals fail to cure the disease, but work the greatest injury to the system. Mercurial Rheumatism, Necrosis or death of the bones, deep and offensive Ulcers, Salivation, Inflammation of the Bowels and Stomach are some of the horrible effects of Mercury and Potash.

The use of S. S. S. in Contagious Blood Poison cases is never followed by such results. We offer One Thousand Dollars for proof that it contains one particle of Mercury, Potash, or other mineral, but is guaranteed a strictly vegetable remedy. It cures even where the worst symptoms have developed, and the patient, to all appearances, was hopelessly incurable. S. S. S. is an antidote for Contagious Blood Poison, and the only radical and permanent cure known. This has been proven by an experience of nearly fifty years, during which thousands have been restored to sound and vigorous health when it seemed nothing could stop the ravages of the disease and save them from a most horrible fate. S. S. S. destroys and eliminates every atom of poison from the system—purifies, strengthens and builds up the blood, and the smouldering fires of this terrible disease are extinguished, and no signs of a return are ever seen.

Our special book on Contagious Blood Poison will be sent free. It describes all the symptoms and stages of the disease, with complete directions for treating the same. Medical advice or any special information desired is furnished by our physicians without charge.

Launch of Shamrock III.

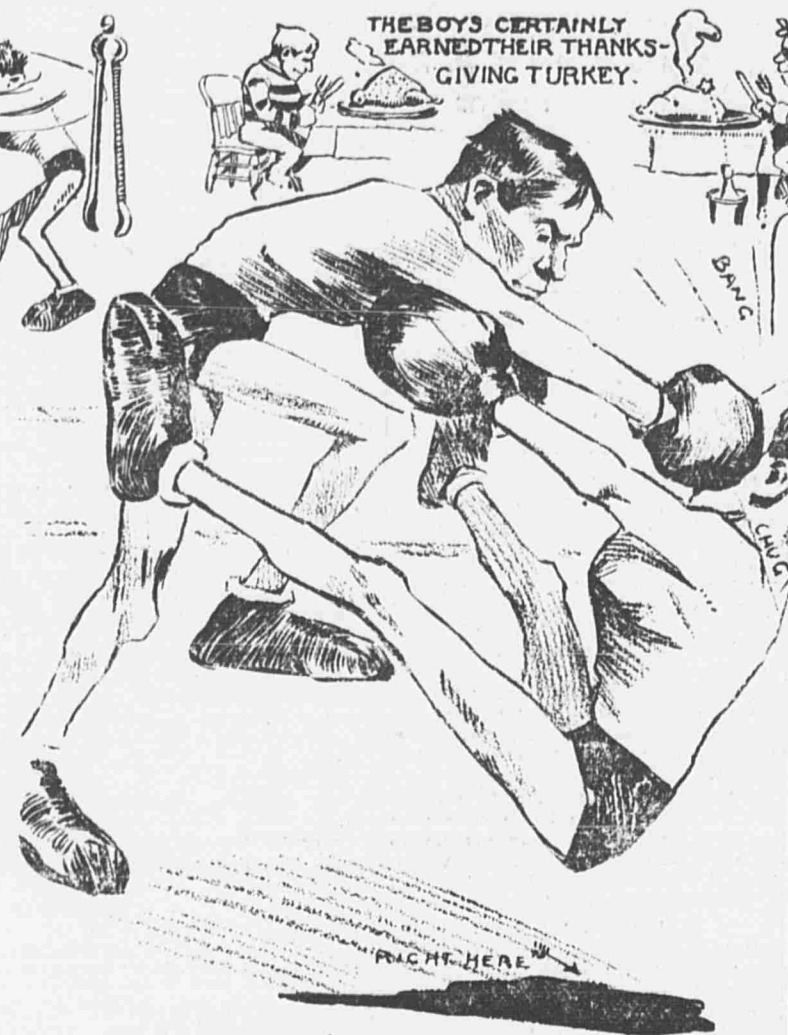

LONDON, Nov. 27.—Lipton's yacht, Shamrock III, will be launched at the end of March or early in April in a much better condition for sea than the first and second Shamrocks. Shamrock II, was at the time of her launching, Lady Shaftesbury, wife of the Commodore of the Royal Yacht Club, will probably christen the new challenger for the America's Cup.

RACING BEGINS AT NEW ORLEANS.
